Office of the Principal

MESSAGE

Dear Pascians,

Welcome to SY 2025-2026!

This Student's Handbook is a valuable guide designed to foster a positive, respectful, and productive learning environment. It outlines the policies, values, and expectations that help shape our academic community rooted in excellence, discipline, and integrity.

Beloved Pascians, we encourage you to embrace every opportunity to learn and grow. May this handbook serve not only as a guide to school rules but also as a reminder of your great potential and responsibility. Let your journey here be marked by passion for learning, strength of character, and a heart that serves.

To our beloved parents and guardians, we thank you for your trust, support, and partnership. Your role in guiding your children and working together with the school is invaluable. Let us continue to collaborate in nurturing well-rounded and resilient individuals prepared to face the demands of the 21st century with confidence and compassion.

Together, let us uphold our school mantra: "We Excel, We Serve, We Lead."

May God bless us all.

LIZA C. CAIGOY
School Principal

I. INTRODUCTION

A. Vision and Mission Statement

PASIG CITY SCIENCE HIGH SCHOOL (PCSHS) is envisioned to be a world class institution that is globally and locally competitive and responsive to the ever-changing needs of the times, especially in the fields of Science and Technology.

PCSHS mission is to fully develop well-rounded, Science and Technology-oriented students, nurturing and gender-sensitive persons, and future leaders with a vision for excellence.

As a premier public science high school, its primary objectives are:

- to offer scholarship grants to deserving gifted students;
- to provide high quality curriculum and instruction enriched with varied Science and Technology courses;
- to emphasize high standards of learning and high levels of learning skills such as critical and creative thinking and problem solving;
- to provide state-of-the-art facilities that enhance interactive and hands-on learning experiences;
- to harness to the fullest the artistic, athletic, managerial and/or leadership talents of the students as well as their conscientious stewardship of the environment; and
- to inculcate among the students the values and virtues in life necessary in their interrelationships with selves, others, country, and God.

B. School History

Former City Mayor Soledad C. Eusebio envisioned Pasig to become a "premier" city in the metropolis upon assuming her office in 2001. Now a progressive city, Pasig boasts itself as a center for commerce, a cradle of urban living and a seat of learning. Part of the mayor's projects in the education sector is a free and valuable education for all Pasigueños. Having all the resources, she also believed that it is not impossible for the city to have a special science high school just like other municipalities of Metro Manila. Imbued with this vision, the former mayor spearheaded and pursued the dream project in collaboration with the education sector of the city. Thus, a new science high school was born.

With the support and determination of former Mayor Soledad C. Eusebio, Hon. Mayor Vicente P. Eusebio, and the members of the City Council, the school was founded on October 7, 2004 by virtue of City Ordinance No. 28, series 2004. It was named Pasig City Science High School.

The school formally opened in School Year 2005-2006 using temporarily the fifth, sixth and seventh floors of the Pamantasan ng Lungsod ng Pasig building. Mr. Noel A. Salalima became its first Principal. Ms. Edna H. Negru and Ms. Mila I. Jose were appointed as the Head Teachers together with the first batch of faculty composed of nineteen (19), competent, special science teachers. Four (4) support staff aided the administrators.

During its maiden operation, the school accommodated a total of 276 enrollees out of the 300 projected annual scholarship grants. Females dominated the males – 184 against 92. All scholars came from both private and public elementary schools in the city who are bonafide residents of Pasig. They have undergone and passed rigorous admission tests which include written exams, an extensive evaluation of the academic grades in grade school (candidate must have an average grade of 85% with no grade below 80% in all subjects), and series of interviews. The full scholarship program includes the provisions for free textbooks, bags, shoes, notebook and a monthly allowance.

In summer of 2006, the school transferred to its new and permanent site –a six storey building nestled at the Rainforest Park. Facilities include upgraded type of classrooms, offices, library, restrooms, speech laboratory, computer laboratory and four well-furnished science laboratories. A strategic place for a science high school, Rainforest Park offers the most conducive place for learning among the scholars. The Park itself is one, big laboratory for them.

In January of 2014, Chief Education Program Supervisor, Mrs. Ligaya Insigne took over the school as OIC-Principal, bringing with her the mandate from the Office of the Mayor to hone the future leaders and young scientists. In June of 2014, the reign of Pasig City Science High School was under the stewardship of Mr. Jay Mathias A. Arellano. With his expertise in the fields of science and research, Pasig City Science High School was geared to secure its notch as one of the best science high schools not only in Metro Manila but all over the Philippines. The vision of the new principal was to transform the school from an ordinary local science high school to local and even international center of excellence in secondary science research and other scientific pursuits.

Pasig City Science High School continued its legacy under the strong leadership of Mr. Charlie O. Fababaer. In his leadership, the school was brought back to its glorious days when students started bagging different local and international awards in different fields most especially in Science, Mathematics, Journalism, Research, and many more. Mr. Fababaer has been very supportive with all school's endeavors as it fulfills its mission and vision— to fully develop well-rounded, nurturing, and excellent students who are globally competitive and responsive to the ever-changing needs of the time in the field of Science and Technology.

Currently, Pasig City Science High School is under the new leadership of Mrs. Liza C. Caigoy, a school principal appointment by SDO Pasig SDS, Mrs. Sheryl T. Gayola. Her leadership upholds integrity, fosters a culture of respect, and ensures a conducive learning environment. Shaping a positive atmosphere for both students and employees, maintaining a healthy and productive school environment is on top of her priorities. Mrs. Caigoy serves the school community by guiding and mentoring students towards academic, social, and emotional growth.

C. The School Seal

Logos and seals give hint to what an organization is all about, what its thrusts are, and what it is known for. The leadership of Pasig City Science High School chose to have a round design for its official logo to symbolize its unwavering and absolute commitment to the total, holistic and well-rounded training and development of its students. True to its vision and mission statements, the school aims to touch the hearts, teach the minds and train the hands of scientifically, mathematically and technologically oriented students who will one day lead in their respective chosen fields in these disciplines for the betterment of their city and their country.

Pasig City Science High School officially began its operations in 2005; hence, the logo includes this fact in honor of the year of its establishment. The school was founded under the initiative of former Mayor Soledad "Solly" C. Eusebio, with the support and determination of former Mayor Vicente P. Eusebio, then Councilor and now duly elected Mayor Robert "Bobby" C. Eusebio and the members of the City Council, by virtue of City Ordinance No. 28, series of 2004.

The torch with a blazing flame at the center of the emblem stands for the burning passion of its administrators, teachers and students for knowledge and wisdom. Administrators, teachers, and students alike must love and embrace lifelong learning, so that they may always impart fresh and new ideas, concepts and methods, and updated and useful information to the next generations. In addition, the torch also symbolizes the high quality of education that the school offers.

High-quality education illuminates the path toward the progress and common good of all, a path which every PaScian is expected to lead in. The torch also stands for enlightenment, which happens when a person is educated and is thus, empowered to do what is right and to fulfill his God-given mission and vision.

The Science and Technology logo inscribed at the center of the torch emphasizes the school's Science and Technology-oriented curriculum. The open book symbolizes the book of knowledge. It is open, for it should forever be read, reviewed and refreshed by all who wish to benefit from its teachings.

The sun on the left-hand corner of the book represents the school's mission-vision and its highest ideals and aspirations. The eight (8) rays of the sun symbolize the various entities collectively working towards the realization of the school's raison d'etre, namely:

Department of Education;

Office of the Mayor;

City Council;

Education Unit;

School Administration;

School Faculty;

School Support Staff;

School Governing Council; and

Parents'-Teachers' Association (PTA)

These various agencies are working harmoniously, cooperatively and collaboratively as one in order to give the highest quality of education possible to the students of Pasig City Science High School.

The star on the right-hand corner of the book represents the brilliant quality of the school's curriculum, services, manpower and facilities. It also represents the excellent professional and personal qualities of its administration, faculty, and support staff. All these synergistically contribute to the development of excellent who are leaders and initiators.

D. The Alma Mater Song

PCSHS Hymn

Pasig City Science High School
Hail to you, our dear school
Our second home, our inspiration
We dearly love with devotion

Hail to you, our dear Alma Mater
We praise and honor you
With voices loud and clear
We sing out your name

Going onwards, moving forward
Great and beloved PCSHS!
(repeat all)

E. The PaScian Class Pledge

Blessed by God and inspired by my Christian faith, nurtured in the loving arms of my beloved Pasig Science, equally supported by my family, community and government, I am a true PaScian scholar in spirit, in my heart, and in my mind.

For four inspiring and challenging years, I endeavored to be what I am now. My mind was taught, my heart was touched, and my hands were honed with the academic passion for Science and Technology tempered by the values and virtues of life most especially of compassion, commitment, and humility, of service and of excellence.

As I leave the portals of Pasig City Science High School, I solemnly pledge my unwavering love and loyalty. I shall keep my promise that as a child of the universe I shall be the pride of My Alma Mater, my family, and my country. I, too, shall touch the lives of others and make the great difference. And that wherever I go and whatever I do, I shall always be the PaScian scholar truly expected of me.

So, help me God.

II. GENERAL RULES ON ADMISSION

A. Admission Requirements for Grade 7 Students

A student-applicant must have a general weighted average of 85% and above and has no grade in any subject below 83%, the basis for these grade requirements would be his/her Grade 5 report card. He/She must have an average grade of 85 in Science, Math and English subjects. He/She must be of good moral character and pass the admission test and interview.

Parents and applicants must be bona fide residents of Pasig City for not less than three (3) years. A valid proof of residency shall be submitted along with the requirements listed below at Pasig City Science High School.

B. Application Requirements

2 pcs 2"x 2" picture
Original or Certified True Photocopy of the Grade 6 Report
Card Birth Certificate
*Parents' COMELEC Certification of Voting Record (or any valid proof of residency)
Parents' Community Tax Certificate

C. Scholarship Program

A student of Pasig City Science High School enjoys the following scholarship/benefits:

Free Tuition Fee
**A set of school uniform and P.E. uniform*
**Black Shoes and P.E. Shoes*
**School Supplies (Bag & Notebooks)*
Monthly Allowance

D. Authorized and Voluntary Fees

SPTA
Anti-TB
School Publication
School Organizations
Supreme Student Government
Red Cross
oy/Girl Scout

III. GENERAL ACADEMIC PROGRAMS

A. Secondary Curriculum

Pasig City Science High School's curriculum is geared towards students' excellence in Science, Technology, Engineering and Mathematics (STEM).

Being a Science High School, the PCSHS curriculum is enriched with STEM courses. It has two components: the core curriculum and the STEM stream courses.

The core curriculum is packed with Science, Math, and English courses to fully develop the students' potential along these areas. The STEM stream courses are specialized electives the students may choose from depending on their aptitude or interests. Additionally, in compliance with the Special Program for Foreign languages (SPFL) of DepEd, a Grade 9 and Grade 10 high school student may elect to take up any of the foreign language offerings of the school.

Grade Seven Curriculum

Grade 11 Curriculum

1st Semester	No. of Units
Komunikasyon at Pananaliksik sa Wika at Kulturang Pilipino	1
Reading and Writing	1
Understanding Culture, Society and Politics	1
Statistics and Probability	1
Earth Science	1
Health Optimizing Physical Education 1	1
Practical Research 1 (Qualitative Research)	1
Pre-Calculus	1
General Chemistry 1	1

Total	**10**

2nd Semester	No. of Units
Pagbasa at Pagsusuri ng Iba't-Ibang Teksto Tungo sa Pananaliksik	1
21st Century Literature from the Philippines and the World	1
Introduction to Philosophy of the Human Person	1
General Mathematics	1
Disaster Readiness and Risk Reduction	1
Health Optimizing Physical Education 2	1
Practical Research 2 (Quantitative Research)	1
Basic Calculus	1
General Chemistry 2	1

Total	**10**

Grade 12 Curriculum

1st Semester	No. of Units
Health Optimizing Physical Education 3	1
Oral Communication	1
Media and Information Literacy	1
Personal Development	1

Filipino sa Piling Larangan	1
General Biology 1	1
General Physics 1	1
Inquiries, Investigation and Immersion	1

Total	**10**

2nd Semester	**No. of Units**
Health Optimizing Physical Education 4	1
English for Academic and Professional Purposes	1
Empowerment Technologies	1
Contemporary Philippine Arts from the Region	1
Entrepreneurship	1
General Biology 2	1
General Physics 2	1
Work Immersion / Research / Capstone Project	1

Total	**10**

B. Homeroom Period

All students have a homeroom period and an adviser. During this period, advisers implement the Homeroom Guidance Program. Other matters of special concern to the students are also discussed during this period, such as circulars and letters, announcements, the student's handbook and the like.

C. DepEd Core Values

Every student is expected to show or manifest satisfactory behavior. As PaScians, students should adhere to DepEd Core Values as our national Motto stated in Republic Act No. 8491.

CORE VALUES	BEHAVIOR STATEMENTS
Maka-Diyos	• Expresses one's spiritual beliefs while respecting the spiritual beliefs of others • Shows adherence to ethical principles by upholding truth
Maka-tao	• Is sensitive to individual, social, and cultural differences • Demonstrates contributions toward solidarity
Makakalikasan	• Cares for the environment and utilizes resources wisely, judiciously, and economically

Makabansa	• Demonstrates pride in being a Filipino; exercises the rights and responsibilities of a Filipino citizen • Demonstrates appropriate behavior in school, community, and country

D. Student Organization

With the school's goal/objective in promoting the holistic development of students, an extensive program of co-curricular and extra-curricular activities is initiated by the school through the different students' organizations or clubs.

The student organizations provide opportunities for the development of leadership, management and intra-personal skills, social concern, and commitment.

The following student organizations are authorized to develop the student's interests and leadership potentials:

1. Co-curricular Organizations

ARAL Catalysts Reading Club	Elite Debate Society	Pascian Indayog Folkloric Dance Troupe
Bert Student Watching Team	E-Club (Entrepreneurship)	Pluma (Filipino Club)
Coalition (Dance Troupe)	EsP Club	Novellus Grafi (Literature Club)
Constellate (Biology Club)	Fermata Pascian (Choir)	Resonate (Music Club)
Creative Writing Club	Gamma (Physics Club)	Scire and Ang Pascian (Journalism Club)
DNE (Math. Club)	Parallax (Research Club)	Tekmekanismo (Robotics Club)
		Yes-O Club

2. Extra-curricular Organizations

Supreme Secondary Learner's Government (SSLG)	Magnus Opus	Telecast (Broadcasting)
Red Cross Youth	Girls Scouts of the Philippines	Elevate PCSHS
Halikatha (Teatrong Pascian)	CAT Officer's Organization	Createam
Boy Scouts of the Philippines	Gender and Development	Filming Pascian Stories

*__Note__: Students who will commit violations (major or grave offense) in any of the school policies will not be allowed to join any co-curricular and extra-curricular organizations.

D.1 Organizational Requirements

No club/organization shall be allowed to function in the school without prior approval from the Office of the Principal.

Each co-curricular and extra-curricular organization has a faculty adviser and a set of officers who guide the members in the planning, implementation, and supervision of the activities. The advisers of co-curricular and extra-curricular organizations are supervised by their respective head teachers and appointed by the Principal.

Each organization is required to submit an annual list of officers and members as well as the organization's program of activities, action plan, accomplishment, and financial report for the year.

D.2 Organizational Membership and Operations

Each student is required to be a member of any club/organization of his interest/choice. A student shall choose a maximum of two organizations (one co-curricular and one extra-curricular) for the entire school year. Election or appointment of the new set of officers is done at the end of school year.

All members of the organization are required to attend the regular meetings and activities during the scheduled student activity period. The activities are initiated by the respective officers and advisers, and actively participated in by the members.

E. Special Events

The school observes simplicity and austerity in its operation; as such, students, as well as teachers, are enjoined to practice these in sponsoring their organization's activities. A resolution approved by the SGC and signed by the Principal is needed for any special events that will take place together with the written permission from the Principal to hold these activities.

F. Academic Policies

1. Grading System

The school follows the Policy Guidelines on Classroom Assessment for the K to 12 Basic Education Program including the recent issuances in light of the Basic Education Learning Continuity Plan of DepEd (DO 12, s. 2020).

There are four grading periods. The numerical system of grading is used and grades are expressed in multiples of one (1). The averaging system for secondary schools shall be used and the passing mark in any given subject is 75%. The lowest grade is 70 and the highest grade is 100. Promotion will be by subject only. The general final average will be used as a basis for promotion.

Grades are based on the result of summative evaluation of performance, the result of the graded assessments which include written works such as quizzes, long test, seatwork, assignments, and performance tasks.

Below is the weight distribution of the summative assessment components per learning area for Grade 7 to Grade 10 and for Grade 11 to Grade 12:

Table 1: ***Weight Distribution of the Summative Assessment Components per Learning Area for Grade 7 to Grade 10***

SUBJECTS	**Weights of Assessment Components**		
	Written Works	**Performance Task**	**Quarterly Assessment**
Science (Core, Add Ons & Electives,)	40%	40%	20%
Math	40%	40 %	20%
English including SPFL	30%	50%	20%
Araling Panlipunan	30%	50%	20%
ICT-TLE	20%	60%	20%
MAPEH	20%	60%	20%
Filipino	30%	50%	20%
VE/ESP	30%	50%	20%

Table 2: ***Weight Distribution of the Summative Assessment Components for Senior High School***

SUBJECTS	Weights of Assessment Components		
	Written Works	**Performance Task**	**Quarterly Assessment**
Core Subjects	25%	50%	25%
All Other Subjects	25%	45%	30%
Work Immersion/Research/	35%	40%	25%

2. Student Retention Policy

As per Sangguniang Panlunsod, Ordinance No. 28, Series of 2004, Pasig City Science High School is mandated to provide a more intensive and advanced secondary education program with emphasis on Science, Mathematics and Communication Arts and in order to safeguard the quality of education and of the graduates of this school, a Student Retention Policy is implemented for strict compliance. Hence, a minimum final grade requirement is observed.

3. Minimum Grade Requirement

A General Weighted Average of 85% with no final grade below 80% in any subject, is the minimum grade requirement for students to be retained for the succeeding school year.

4. Regular Student

Any student who has satisfactorily met the minimum grade as stated above is considered a student of Regular Status and is automatically qualified for re-admission.

5. Student on Probation

Any student who is not on probation and has no final grade below 80% but whose general weighted average is below 85% (rounded-off) will be enrolled on probation.

Any student who is not on probation and whose general weighted average is at least 85% but with a grade below 80% in just only one subject will be enrolled on probation.

A student who will be readmitted on probation in the next level for JHS and next semester for SHS will sign a Contract of Agreement together with their parents for a grade compliance requirement during card distribution.

A student on probation must meet the grade requirement of a student on a Regular Status in all subject areas to regain his/her status as a regular student. Otherwise, he/she loses the qualification for readmission.

A student on probation must attend the scheduled quarterly individual/group coaching sessions.

6. Student Not Qualified for Readmission

Any student who has received a final grade below 80% in at least two (2) subjects

Any student who has received a final failing grade in any subject

Any student who is enrolled on a probationary status and who is not able to regain his/her qualification for a regular student at the end of the school year.

***Note:** Conditions mentioned above are applied per semester for SHS students.

7. Honors and Awards

The awards committee is created, and its membership is appointed by the Principal. The committee takes into consideration all aspects of the nominees/candidates for honors and other awards in accordance with existing criteria. Criteria may be revised, however, to consider the needs of the moment. Central to the award is the character of the awardees. **Students with grade below 80 in any subject in any quarter is disqualified for honor and other awards for the entire school year where it is applicable.** The decision of the awards committee is final.

All candidates for honors must be of good moral character and have not been subjected to any disciplinary actions within the current School Year (Enclosure to DepEd Order No. 74, s. 2012).
…the awards also aim to nurture the formation of the learners' values and attitudes anchored on the core values of the Department of Education (Enclosure to DepEd Order No. 36, s. 2016).

A. For Graduating Students

Government and Non-Government Awards
Excellence Awards (Academic, Leadership & Service)
Academic Special Awards (Major/Minor)

B. For non-graduating students

Academic Excellence Awards

7.1 Honors Certificates

Certificate of recognition is given to student every quarter who meet the required-grade average, to wit;

With Honors – General average of 90-94.

With High Honors – General average of 95-97.

With Highest Honors – General average of 98-100.

8. Student Performance Report (Report Card)

Report cards are issued after every quarter. Parents must attend the card distribution and consult with the teachers/advisers during the Parent-Teacher Conference. Parents who wish to follow-up the academic and disciplinary standing of their children should seek an appointment with the Principal. Parents are encouraged to attend the Parent-Teachers' Consultations held every quarter. The school will not be held responsible for future complaints of parents who fail to monitor or follow-up their child's performance.

IV. POLICIES AND RULES ON DISCIPLINE

A. Statement Of Policy

Discipline is concerned with the development of internal mechanisms that enable individuals to regulate themselves; thus, the need for agreed boundaries for attitudes and behavior. Firm, fair and just discipline is the foundation of an effective and efficient institution. This philosophy can be achieved only if students' manifest obedience to our rules of orderly conduct, exercise self-control, show consideration for the rights of others, and accept the consequences of their actions. Development of self-discipline is, hopefully, the end- result of the school discipline system.

B. Persons in Authority

1. Principal

The Principal makes the final decisions on all matters pertaining to disciplinary issues.

2. Assistant School Principal, Head Teachers/ Interim Head Teachers and Grade Level Coordinators

They are the extension of the Principal's authority. They report directly to the Principal. Among their duties are the implementation of disciplinary cases referred to them by students,

parents, teachers, and other school officers and employees. They ensure order and discipline in their areas of responsibility. They also refer students who commit major disciplinary offenses to the Office of the Principal and perform other functions assigned by the Principal.

3. School Discipline Committee Members

The SDC is a fact-finding body that hears the charge(s) of any offense that warrants appropriate sanction. It shall be composed of three to five members (Assistant School Principal, Grade Level Coordinator, Guidance Coordinator, Guidance Advocate, and Class Adviser) appointed by the Principal. It submits its findings and recommendations to the Principal who makes the final decision.

4. Teachers and Other Employees

All teachers, school officials, security personnel and other employees are persons in authority and are duty-bound to help enforce school policies and rules of discipline and perform other functions assigned by the Principal.

5. Student Leaders

All officers of the different classes and organizations are considered persons in authority by the school. They are expected to be models in deportment for other students to emulate and to help enforce school policies and rules. Students are expected to follow their legitimate orders and instructions.

C. Attendance and Punctuality

1. All students are expected to be punctual in attending their classes.
2. All students should attend the Monday Morning Assembly following the schedule per grade level. Attendance shall be checked by the class adviser.
3. A student who accumulates absences equivalent to 20% of the total number of school days in a year shall be dropped from the roll.
4. A warning notice will be issued to a student who accumulates three (3) cases of tardiness per quarter. A notification letter will be sent for six (6) recorded cases of tardiness, and a conference with the parents, along with the signing of a parent-school agreement, will be required for nine (9) accumulated cases of tardiness.
5. A student must submit a written excuse letter from a parent or guardian before returning to class after an absence. The letter should include the student's name, section, date, and reason for absence, and must be noted by the homeroom adviser to be submitted at the Guidance Office. A phone call, text message or personal message is not a substitute for the excuse letter. For tardiness, admit pass signed by the Guidance Coordinator must be presented to the concerned teacher.
6. A Medical Certificate shall be attached for three or more days of absences involving medical conditions of the student following procedure no. 6 of attendance and punctuality.

7. A letter does not automatically excuse an absence or tardiness. The decision to excuse or not to excuse the student's absence or tardiness rests upon the subject teacher or adviser.
8. In any letter submitted by the student(s), digital signatures should be verified by the teacher/adviser.
9. Only formal letters duly submitted and signed by the parent or guardian shall be honored.
10. Any student who intends to be absent for any personal reason(s) shall submit excuse letter signed by his parent or guardian and addressed to the concerned teacher/adviser two (2) to three (3) days prior to their scheduled date.
11. Attendance in quarterly group coaching session for student under academic probation must be monitored by the parent.

D. General Rules of Conduct

1. Physical Appearance

1.1 Uniform

- School uniform is a symbol of dignity for every PaScian. Students are required to wear school uniform, however if school uniform is not yet available students are allowed to wear civilian clothes provided, they follow the prescribed dress code.
- During online classes, students are not required to wear school uniform but must wear descent clothes.
- Dark eyewear as well as colored contact lens are not allowed unless medically prescribed.
- Caps and hats should not be worn during face to face and online class.
- For JHS- No application of facial cosmetics except on special activities and with permission from the Office of the Principal.
- For SHS- Light application of facial cosmetics will only be allowed as long as it is not loud in appearance
- Long nails, nail polish, and eyelash extension are not allowed.

For MALE Students:

- The prescribed haircut for all male students is clean cut (2x3) with no hair dye
- Polo Shirts should be properly buttoned
- Pants should be regular cut, skinny cut is not allowed
- White plain inner shirt or sando should be used
- Wearing of earrings is strictly prohibited
- Tattoo is not allowed
- Socks for JHS is white in color and black for SHS

For FEMALE Students:

- Double-earrings, caps, hats, flashy jewelry and other inappropriate attire must not be worn

- Long hair must be neatly fixed with no hair dye
- Tattoo is not allowed
- Socks for JHS is white ankle or quarter length and foot socks for SHS

1.2 Identification Card

A student shall be issued an official ID card to be used when transacting at any offices in the school. A temporary ID Card may be requested through the Office of the Principal in the absence of official ID card.

2. Behavior during Face-to-Face and Online Classes

- Demonstrate honesty and integrity
- Be active and engaged participants in the learning program
- Be accountable for off-school internet services which may have a negative
- impact on the school program, teachers or students
- Obey directions from teaching and administrative staff
- Complete all assignments and work in a timely and thorough manner
- All students must not share login credentials with anyone else.
- All students must not knowingly upload any file or program that contains a virus, malware or other malicious code
- All students must not reproduce course content including assessments, electronic mail correspondence, digital captures, discussion or chat threads in any fashion and to any other server without explicit written permission from the school principal or designate
- All students must not use anyone else's login account
- All students must not write, use, send, download or display any information that is hostile, insulting to others, obscene, threatening, or otherwise offensive.
- All students must not discuss in any open forum information that is critical of another student or teacher. Discussion forums and chat threads are open to all school members and not appropriate mediums for private correspondence.
- All students must not engage in any of the following acts of academic misconduct: Cheating: The act or attempted act of deception, in which a participant falsely represents that he or she has learned information in an academic exercise including unauthorized collaboration with others.
- Plagiarism: Representing the words, data or ideas of another as one's own in any academic exercise.

- Collusion: Intentionally or knowingly helping or attempting to help another commit academic misconduct such as substituting for a test or completing an assignment for someone else. Collaborating with others while taking online tests or similar summative evaluation.

- Students should maintain the cleanliness and orderliness of the building and campus. Any damage on school property or facilities should be reported immediately to any school authority. Any student found at fault shall be held responsible and shall be bound to replace/repair or pay the damaged property.
- Students are expected to observe silence in the corridors and other designated places.
- Unauthorized use of cubicle assigned for the use of school authorities by any student shall not be allowed.
- Any student caught leaving used sanitary napkins inside the restroom and/or not following the correct toilet habits shall be sanctioned accordingly.

3. Respect and Courtesy

- Students should be courteous and greet in Bating Pinoy all members of the community and visitors whenever they are inside the campus.
- Respect the differences in people, their ideas and opinions
- Treat one another with respect and dignity especially when there is disagreement
- Respect and treat others fairly
- Respect the rights of others
- Demonstrate respect for others especially those in positions of authority
- Respect the need of others to work in an environment that is conducive to learning and teaching
- Be courteous and polite at all times especially in electronic mail exchanges
- Respect the integrity of all online systems and networks
- Respect all copyright laws
- Respect the personal information and privacy of others

4. Using of Gadget

The use of gadget is only allowed for educational or emergency purposes only. Using of gadgets for games, online games and social media is prohibited anytime and anywhere inside school premises. A record in the Anecdotal Record Notebook to student seen violating the rule on using gadgets will be given. Bringing of any gadget during examination period is strictly not allowed.

E. Other Guidelines

1. Off-Limit Areas

The following areas are off-limits to high school students:

- Faculty Room
- Any place on campus after school curfew time unless declared by the Principal
- Other areas declared off-limits by the school administration

2. Use of Dangerous Drugs and other Substance Abuse

As a means of intervention and prevention, the school holds related activities such as symposia on the potential harm of smoking, alcohol and the use of illegal drugs. Furthermore, prepared modules for discussion are being integrated in Science, MAPEH and Values Development classes among others. To further strengthen our monitoring system, during face-to-face classes, a voluntary drug test is being held on a school day thru Local City Health/DepEd. If a child is found to be positive (that is, he is using illegal substances), corrective action shall be undertaken. All information gathered shall be confidential.

3. Policy on Visitors Entering the Building

All visitors, including parents and alumni, are not allowed to enter into the building beyond the 1st floor. Those who wish to see employees from the 2nd to 6th floor must first seek permission from the Principal to go upstairs.

All visitors must leave their valid ID with the Security. They too are subject for bag inspection before they are allowed to enter the campus. They must wear their visitor's ID at all times when inside the campus.

Visitors including parents and alumni should follow with the prescribed dress code in entering the school campus.

4. Guidelines on Classes during Typhoon and Stormy Weather

Guidelines on classes during typhoon and stormy weather must conform to the DepEd Memorandum and Mayor's Executive Order issued for this purpose. In these cases, there is no need to call up the school to inquire about suspension of classes.

In cases where the Department of Education (DepEd) announces the suspension of classes before 5:00 A.M. classes are automatically suspended. There is no need to call up the school for confirmation.

When there are no announcements of any kind and there is a compelling reason (blackout, internet interruption), parents should immediately notify the Class Adviser.

5. Scheduled Examination when Classes are Suspended

All scheduled examinations that fall on days when there are suspensions of classes will be rescheduled after finishing the regular scheduled exams.

Example:

Wednesday	:	Math, English (Classes are suspended)
Thursday	:	Science, MAPEH, TLE
Friday	:	Computer, Filipino

The test scheduled on Thursday and Friday will go on as scheduled and the missed test scheduled on Wednesday will be given on Monday.

F. Discipline Policies

Disciplinary Action

Learning does not end in mastering what the academe could share, but it goes hand in hand with the knowledge of the school rules and regulations. Pasig City Science High School is not only a learning institution that enhances aptitude but also hones positive attitude as well.

G.

PCSHS started to have a handbook in 2005. This handbook marked another milestone towards our continuous partnership with the stakeholders of the school. Our first Student Handbook was written in English but more than two years ago, the Division Office created and distributed the new handbook, "Manwal ng mga Mag-aaral sa paaralang Sekundarya". This handbook is based on positive discipline and Child Protection Policy. Positive discipline teaches children and guides their behavior, while respecting their rights to healthy development, protection from violence and participation in their learning.

The Child Protection Committee was created under the DepEd Order No. 40 s 2012 while the School Discipline Committee was created under the 2000 DECS Service Manual, and will help in handling the cases of discrimination, abuse and other major and serious offenses.

At present, based on the existing policies that we have, this "School Policies on Discipline-Code of Behavior and Discipline Among Learners", aims to inculcate among the students the values and virtues in life necessary in their relationship with others. The framework below shows how a problem behavior shall be addressed.

Sanctions are imposed on habitual and gross violation of rules and regulation of the school. They are imposed for the following reasons:

- to teach respect for law and authority and a sense of justice;
- to inculcate to the minds of the students the importance of obedience;
- to deter students from future violations;
- to correct, guide and strengthen the student/s character, and
- to maintain discipline, uphold the order in the school and preserve the fair name of the institution.

The School Discipline Committee (SDC) are the ones responsible for giving sanctions. After this, Coaching will be given by the Grade level Guidance Advocate.

1. Categories of Offenses

To classify the different offenses students might commit, the school divided these offenses into minor, major and grave offenses.

Minor Offense

1. Violation of general rules of conduct on physical appearance
2. Improper haircut and colored hair for boys and girls
3. Violations of the guidelines on the recommended behavior while inside the class, like playing computer games, sleeping, and watching videos in different gadgets
4. Three (3) cumulative tardiness within a quarter
5. Three (3) cumulative absences in a month without prior notice (from the parent) or acceptable reason for doing it
6. Late submission of requirements within a quarter, whether it is an activity, quiz, Performance Task or Written Output
7. Charging of cellphone in the classroom anytime without the permission of any school personnel or leaving any gadget unplugged
8. Violation on the proper wearing of official school uniform, prescribed P.E. uniform and/ or prescribed dress code
9. Not wearing the school I.D. and/or putting of stickers, defacing ID picture
10. Failure to secure **ADMIT PASS** signed by the Guidance Coordinator from the Guard on duty due to tardiness and failure to submit the admit pass to the concerned teacher
11. Violation of the guidelines on the recommended behavior inside the campus building and other areas where school authority exercises control. Other areas where school authority exercises control are places other than the PCSHS Campus but school authority extends its control due to involvement of academic affairs such as but not limited to field trips, contests or meetings outside the school, or places where the student wears his/her uniform
12. Minor interruption of proceedings in the classroom, along corridors, auditorium, chapel, lecture hall or during flag ceremony, prayers, meetings and any official activity (e.g. unnecessary talking, giggling, shouting, howling, inattention, eating, chewing gum, tension, making harmful jokes, and hiding classmates' things)
13. Unauthorized staying in the faculty room and other off-limit areas
14. Failure to do assignment
15. Violation of the rules on bringing and using of gadget which is intended for academic purposes such as playing online games and others
16. Using paper bullets or throwing chewing gums on ceiling and elsewhere
17. Violation of library rule
18. Over-staying beyond official school hours without necessary permits signed by the Principal or his duly authorized representative
19. Abuse or misuse of on- and off-campus and/or lavatory passes, or going out without the on-and-off campus passes
20. Playing outdoor games like basketball, volleyball, etc. inside the classroom or along the corridor
21. Violation of CLEAN AS YOU GO policy in any part of the school campus
22. Wearing and using school ID's and Library Cards of other students

23. Not attending coaching session for student under academic probation
24. Horse playing or playing practical joke, shouting/howling
25. Display of any school activity posters or any printed paraphernalia without proper authorization
26. Unreasonable use of school electricity, wasting of water, and other school supplies
27. Bringing food(s) for celebration of students' birthdays and similar activities
    Note: For compliance in food safety guidelines
28. Using profane or indecent language but not intended to hurt anyone such as uttering expletives in the form of jokes or mere expression
29. Unauthorized possession of gambling devices or paraphernalia
30. Any offense analogous to any of the above

Major Offense

1. Malicious post on social media against school and school personnel with or without addressee but given the context
2. Tampering of school properties like records and other documents such as report cards etc.
3. Using pictures or computer files of school authorities for any purpose without authorization for purpose of mockery
4. Possession of reading materials and watching films, clips and videos related to pornography in any visual and electronic gadgets at any time
5. Possession of toy guns or explosives which are replica of real guns or explosives except for educational purpose like role play and the like
6. Name calling, using profane language and/or making vulgar gesture against anyone
7. Disobedience to authorities
8. Bringing of hazardous materials or chemicals which serves as threat to health and environment.
9. Gambling
10. Continued disregard of school rules and policies
11. Use of mobile phones or other similar communication devices while taking the examination.
12. Unauthorized selling of foods
13. Lying in official investigation or hearing.
14. Personal monetary earnings of any student(s) using school properties and school transactions
15. Any offense analogous to any of the above

Grave Offense

1. Creation of or affiliation with an organization whose objectives and/or activities are contrary to the school's philosophy, objectives, policies, and rules such as fraternities, sororities and organizations
2. Cyber bullying or any form of bullying
3. Publishing or circulating false malicious information against a student, teacher, an employee and/or official of the school and other forms of dishonesty
4. Threatening, intimidating, or coercing any member of the school community
5. Stealing, photocopying, or scanning of school official records and files of any teacher or student

6. Extortion, blackmail, or coercion- obtaining money or property by use of threat or violence, and or threatening to force someone to do something against his/her will.
7. Engaging in or encouraging obscene acts, touching sensitive parts of the body, and other sexual activities in school
8. Possession, using and distribution/selling of cigarettes/ e-cigarettes and prohibited drugs
9. Possession, distribution, borrowing, selling or lending pornographic materials, seductive pictures, sex toys or indecent objects
10. Cheating: any act that violates the allowable conduct during quizzes, tests, and examinations and any form of educational assessment
11. Truancy, cutting class and/or leaving the campus during class hours without the proper authorization
    *Truancy means an act of going to other place and pretends from the eyes of the parents or guardians, and making them believe that the student is inside the school.
12. Forgery
13. Bringing to school intoxicating drinks or coming to school and school related activities under the influence of liquor, wine, beer, and other intoxicating drink
14. Disrespect, defiance or abusive behavior towards school authorities including verbal and physical assault
15. Engaging in Public Display of Affection (PDA), and similar acts most especially in school uniform inside or outside the campus
16. Vandalism
17. Stealing
18. Possession, use or sale of deadly weapons, firearms, ammunitions, or all forms of explosives
19. False fire alarm
20. Any other conduct which endangers the good name of the school and its members.

2. Corresponding Consequences

The following are offenses classified according to their gravity with corresponding consequences:

*Note: Regardless of any offense committed

Minor Offense

1st Offense	Oral reprimand/warning and reflective dialogue Noted in the Adviser's Anecdotal Record
2nd Offense	Oral reprimand/warning and reflective dialogue Noted in the Adviser's Anecdotal Record Formal notification to the parents
3rd Offense	Oral reprimand/warning and reflective dialogue Noted in the Adviser's Anecdotal Record Conference with the parent/s together with the GLC Parent-School Agreement

Major Offense

1st Offense	Oral reprimand/warning and reflective dialogue Guidance Record Conference with the parent/s together with the GLC Parent-School Agreement
2nd Offense	Oral reprimand/warning and Reflective Dialogue Guidance Record Conference with the parent/s together with the GLC and Guidance Coordinator Commitment and resolution Community Service (Guidance Program) and Submission of Written Reflection Disciplinary Probation
3rd Offense	Oral reprimand/warning and Reflective Dialogue Guidance Record Conference with the parent/s together with the GLC, Guidance Coordinator and Principal Commitment and resolution Community Service (Guidance Program) and Submission of Written Reflection For Referral/ Recommendation for transfer (based on the gravity of the offense committed)

Grave Offense

1st Offense	Oral reprimand/warning and Reflective Dialogue Guidance Record Conference with the parent/s together with the GLC, Guidance Coordinator and Principal Commitment and Resolution Community Service (Guidance Program) and Submission of Written Reflection For Referral/Recommendation for Transfer (based on the gravity of the offense committed) Disciplinary Probation
2nd Offense	Oral reprimand/warning and Reflective Dialogue Guidance Record Conference with the parent/s together with the GLC, Guidance Coordinator and Principal Commitment and Resolution Community Service (Guidance Program) and Submission of Written Reflection For Referral/Recommendation for transfer

Disciplinary Probation

Disciplinary Probation (DP) is a restraining measure imposed for one (1) calendar year on a student who has been found guilty of consistent misbehavior or a single grave breach of conduct. It is primarily meant to help the student develop self-discipline and improve his conduct.

Disciplinary probation shall be lifted after one (1) calendar year if not, he will have the same agreement for Academic Probation. For the next school year, he/she will be recommended to transfer to another school,

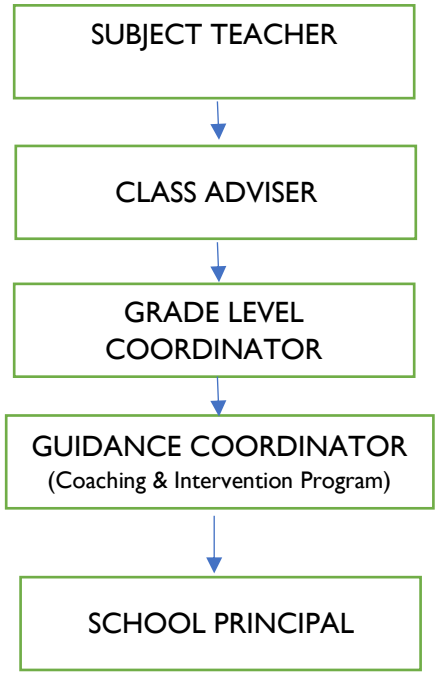
He/ She shall not be allowed to participate in any co-curricular and/or extracurricular activity unless allowed in writing by the Principal.

Recommendation for Transfer

Recommendation for Transfer – Students who are clearly unable to profit from the school by reasons of disability, serious emotional problems, continued behavioral problems; or conspicuously uncooperative or destructive attitude of the parents will be urged to transfer. Prior to this decision, discussion will be held regarding the student/s condition and possible remediation efforts will be explored. The final recommendation regarding the transfer is made by the Principal, in consultation with the Child Protection Committee (CPC) and School Discipline Committee (SDC). The transfer will take place at the end of the grading period or school year.

Discipline Flow Chart

The observed problem behavior, whether it is minor, major or grave, should be reported to the Teacher/Class Adviser and GLC, with an incident report coming from the student signed by the parent to be given to the adviser.



V. STUDENT SERVICES

1. Registrar

This office is responsible for the systematic management of the school records of students. The registrar processes registration and certification requests; maintains class schedules and class lists; and keeps the permanent official record of grades.

2. Clinic

The school clinic is a health care facility that is primarily devoted to taking care of sick students as well as school employees while they are inside the campus. The clinician examines the patient and gives initial treatment to the patients. He also gives recommendation if a student needs to rest at home.

3. Canteen

This is a school facility that serves as dining hall. The canteen managers provide healthy foods for both the students and school employees. During face-to-face classes, they also conduct feeding programs for under-nourished students.

4. Library

The School Library aims to provide information services to the entire PCSHS community. Being the Library of the lone Science High School in the city, it aims to serve as the primary resource center of students and teachers who thirst for knowledge and who seek higher learning, especially in the field of Science and Technology.

It offers two types of services to its clients, namely: a) Manual Library Research and b) Internet Access.

a. Manual Library Research

During face-to-face classes, students and teachers may go to the library during office hours from Monday to Friday and use all the available resources for their research needs. PCSHS teachers may also use the facilities for big group engagements/lecture-workshops, or for both lecture and manual library reading. All books and materials in the library are catalogued according to international norms, making research, and reading very easy.

b. Internet Access

The PCSHS Library is fully equipped with broadband and Wi-Fi facilities. Thus, the PCSHS Community and other clients may access the internet to do their research and send/receive e-mail through their laptop, tablet PCs or android phones. Accessing the internet is very easy; just ask the library persons-in-charge and they will be more than happy to assist in facilitating internet connection.

5. **Guidance Office**

The Guidance Office provides academic, career, college access, and personal/social coaching services to our students. This office also conducts individual & group coaching for students provided by the Guidance Advocates.

6. **Security Office**

This office is responsible for the safety and security of the students, employees, as well as school property.

VI. MISCELLANY

A. Change in Personal Data

Students should promptly notify the Office of the Registrar and advisers concerned of any change in address and/ or telephone number.

B. Circulars/Letters to Parents

The school communicates pertinent information to parents through circulars or letters. The student must submit the reply slip duly signed by his parent/s or guardian within three days upon receipt.

C. Appointments

Parents or guardians who wish to have an appointment with Faculty members may call up the Office of the Principal. An appointment can be done through the class adviser, Head Teachers and Guidance Coordinator.

D. Parents-Teachers Consultation

Parents-teachers' consultation days are scheduled once every quarter in order that parents may coordinate with teachers and administrators on the best ways to assist their children in their studies.

E. Parents-Teachers Association

The PTA has been formed to ensure fuller cooperation and understanding through dialogues between the home, school, and the community. Parents are encouraged to be active members of this organization. Annual voluntary membership fee per family is allowed.

VII. ADMINISTRATION, FACULTY, NON-TEACHING AND SUPPORT STAFF

ADMINISTRATION

Principal
Liza C. Caigoy, Principal I

Assistant to the Principal
Leilani C. Lucero, HT III (Student Affairs)
Arianne A. Labonete, TIII (Academic Affairs)

Head Teacher

Avel B. Alcalde	(Science)
Mary Ivy A. Castro	(Science)
Elmer D.V. Legarda	(Araling Panlipunan)
Leilani C. Lucero	(Edukasyon sa Pagpapakatao/ Val.Ed.)
Ariane A. Labonete	(Mathematics)
Elenita L. Supang	(English)

Interim Department Heads

Carmela C. Abelarde	(ICT/TLE)
Desiree C. Didulo	(MAPEH)
Danilo L. Ungos	(Filipino)

FACULTY
